

EMINERE™ 1 / 2 / 3 / 4

The new Eminere™ range by Anolis builds on the success of the original ArcLine™ Outdoor Series with precision optics and is available in a variety of sizes. It's perfect for a wide range of exterior and interior applications such as Flood Lighting, Wall Grazing, Wall Washing and Accent Lighting. Built to exact standards, these linear fixtures are tough enough to withstand extreme environments whilst producing beautiful colours from the R&GBCW, RGBA or PureWhite LED chips.

KEY FEATURES

Application Flexibility

Eminere's optics can be used for various applications including wall grazing, flood lighting, wall washing, wide flood lighting, spot lighting and accent lighting.

Quick and Easy Installation

Plug&Play system means easy installation, fast adjustment and intuitive programming with self-addressing.

Naturally looking result

Full spectrum coverage by using R&GBCW colour mixing with precise wave lengths of each colour for modern architecture or specifically designed combination of RGBA to highlight every single detail of historical buildings or monuments.

Durability

Eminere is rated IP67, suitable for wet locations and has a protection rating of IK06. Marine grade finish option also available for harsh environmental conditions.

COLOUR MIXING PRINTS

STAND ALONE

Specially designed glass printing to achieve optimal colour mixing and intensity distribution.

HEAD2HEAD

Fixtures without special end glass print installed right next to each other create absolutely perfect colour and intensity overlap.

Note:
Applies for RGBCW, RGBA versions.
Pure white and Tunable white versions are always without the end print (no matter on their position to other fixture).

	70	4	6	16	23	38
	100	3	4	11	16	23
	200	2	2	5	8	12

* Cable length is a total cable length between E-box and last connected Eminere. Example: Total cable length=L1+L2+L3

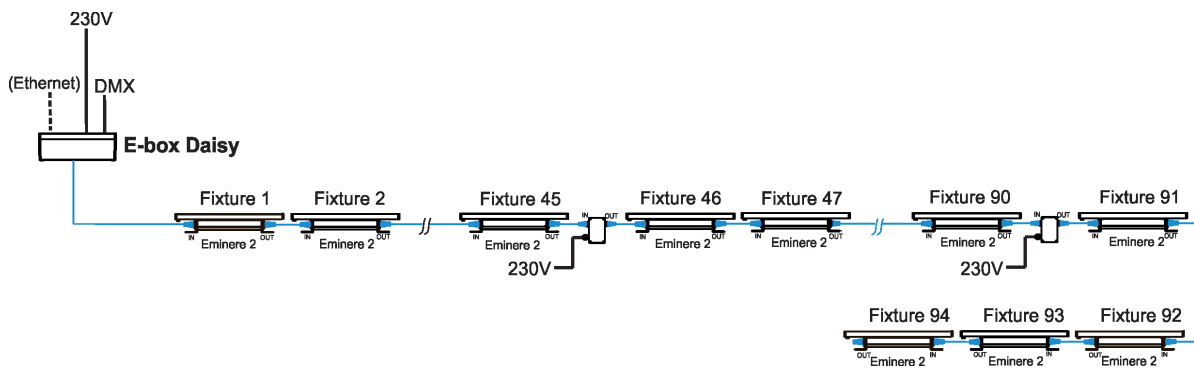

THE BOOSTER BOX

To compensate a voltage drop in a large installation, the Booster boxes have to be connected in the chain of Eminere modules.

Example: E-box Daisy, Power supply= 230V, Cable length=70m, fixture=Eminere 2.
The Booster box has to be connected after every 45th Eminere 2 (fixture 45 and fixture 90) from 94 fixtures.
