# AGAME™

The Agame luminaire is a multifunctional lighting solution with an IP67 rating, specifically crafted to accentuate the perimeters of windows and arches. This fixture, available in 8 W, produces a strikingly uniform monochromatic or RGBW / RGBA line of light, enhancing the aesthetic appeal of architectural facades. Additionally, the Agame luminaire has a 180° beam angle, ensuring wide and even light distribution across the intended area.

KEY FEATURES

LED Output
Available in wide range of colour configurations (RGBW, RGBA), the high-efficiency LED modules of the Agame provides the highest possible luminous flux 122 lm.
With the equally homogenised light output is secured by precisely designed output optics, and the fixture provides a 90,000 hour LED lifetime guaranteeing a dependable performance.

Control
Thanks to our unique L3 (low light linearity) 18-bit dimming system, exceptionally smooth fade to black and colour mixing are now possible. The fixture's remote setting and device management is realised through E-Box Remote.

Installation
The durable cast aluminum body provides a compact, stylish and easy-tomount solution. The fixtures physical dimensions are ø 107 x 58mm (ø 4.25 x 2.3 in.) and it weighs 0.45 kg (0.99 lbs).
